

HASAN IBNU ALI

Computer & Network Engineering Student | Environmental Tech Innovator

📍 Jakarta Pusat, Indonesia 📞 087874407390 ✉ luckm6082@gmail.com 🌐 HasanIbnuAli

PROFESSIONAL SUMMARY

SMK student in **Computer and Network Engineering** with hands-on experience in data processing, statistical validation, and environmental technology innovation. **Inventor of the Footstep Generator** (patented device converting human footsteps to electricity). Led data management for **700+ statistical publications** at Indonesia's Central Statistics Agency. Active in national and international youth programs including ASEAN AIPA and World Scout Jamboree.

EDUCATION

SMKN 54 Jakarta — Computer and Network Engineering Jul 2023 – Jul 2026
Focus: Network configuration, hardware troubleshooting, automation systems
85

SMPN 183 Jakarta Jul 2020 – Jul 2023

EXPERIENCE

Data Processing Intern — Badan Pusat Statistik (BPS) Pusat Jul – Dec 2025

- Processed and validated **700+** statistical publications
- Managed data matching and metadata for **150+** national publications, improving retrieval efficiency
- Automated publication progress tracking using Excel macros

KEY PROJECTS

Footstep Generator — Patented Clean Energy Device (HKI 2025) 2023 – 2025

- Designed and patented device converting kinetic energy from footsteps into usable electricity
- Won **3rd Place** — **National SMK Innovation Competition** (United Tractors)
- Won **3rd Place** — **National Youth Pioneers Competition** (Environment & Tourism)

TOP ACHIEVEMENTS

2025 Intellectual Property Rights (HKI) Footstep Generator — Patented	2025 National SMK Innovation Competition 3rd Place — United Tractors
2025 National Youth Pioneers Competition 3rd Place — Environment & Tourism	2025 Youth Scientific Paper Competition 2nd Place — Natural Sciences
2025 Duta Inspirasi Indonesia National Delegate — Batch 18	2024 ASEAN Inter-Parliamentary Assembly Youth Meeting Delegate

TECHNICAL SKILLS

NETWORKING & HARDWARE

MikroTik RouterOS Network Config Hardware Repair

AUTOMATION & PROGRAMMING

Arduino Mechatronics Basic Programming

CERTIFICATIONS

- ✓ MTCNA — MikroTik Certified Network Associate
- ✓ BNSP — Network Certification
- ✓ Volunteer — Pertamina Shipping International & Inovasi Muda

DATA & ANALYTICS

- Excel (Advanced)
- Data Validation
- Metadata Management

ENVIRONMENTAL TECH

- Waste-to-Energy
- Pyrolysis Systems
- Renewable Energy

DESIGN

- Basic Graphic Design

LANGUAGES

- IndonesianNative
- EnglishIntermediate (B1) — Improving

COMMUNITY ENGAGEMENT

Coral Reef Conservation — Kepulauan SeribuApr 2025

- Transplanted coral reefs; educated 50+ local students on waste management

UNICEF Generasi Terampil — Regional FinalistJul – Oct 2024

- Developed pyrolysis device for waste-to-energy conversion
